INDEX OF SUBJECTS

Abiotic Stresses: Plant Resistance Through Breeding and Molecular Approaches, by Ashraf, M., and Harris, P. J. C. (Eds), reviewed by Wayne Powell, 370

Acidification of soil: Mineral nutrient uptake and removal by cowpea, soybean and maize cultivars in West Africa and implications for carbon cycle effects (Randall, Abaidoo, Hocking, and Sanginga), 475

Africa, sub-Saharan: Impacts of urbanization on the evolution of 'mixed farming' systems (Tiffen), 259

African Food Crisis, The by Djurfeldt, G. Holmen, H. Jirstrom, M. and R. Larsen, R. (Eds), reviewed by Mike Collinson, 125

Agricultural Growth for the Poor: An agenda for development, Word Bank, reviewed by Andrew Bennett, 251

Agriculture as a Producer and Consumer of Energy, by Outlaw, J. L., Collins, K. J. and Duffield, J. A. (Eds), reviewed by W. H. Macfarlane Smith, 252

Aluminium: Effects on the adventitious root system, aerial biomass and grain yield of maize grown in the field and in a rhizotron (Comin, Barloy, Hallaire, Zanette and Miller), 351

An Ecogeographic Study. African Vigna, by Maxted, N., Mabuza-Diamini, P., Moss, H., Padulosi, S., Jarvis, A and Guarino, L., reviewed by Barbara Pickersgill, 367

Arbuscular mycorrhizal fungi dynamics in contrasting cropping systems on vertisol and regosol soils of Lombok, Indonesia (Wangiyana, Cornish and Morris), 427

Argentina: Effects of incident radiation and nitrogen availability on the quality parameters of triticale grains (Aguirre, Rubiolo, Ribotta, Luján, Pérez and León), 311

Australia: The response of cotton to subsurface drip and furrow irrigation in a vertisol (Bhattarai, McHugh, Lotz, G. and Midmore), 29

Barley: Measures of repeatability of genotype by location interactions using data from trials in northern Syria (Singh, Grando and Ceccarelli), 189

Biological Diversity and Function in Soils, by Bardgett, R. D., Usher, M. B. and Hopkins, D. W., reviewed by Ron Wheatley, 371

Biotechnology, Agriculture and Food Security in Southern Africa, by Omamo, S. W. and von Grebmer, K. (Eds), reviewed by L. Reginald MacIntyre, 252

Book reviews, 121, 251, 367, 505

Brassica oleracea see Kale

Brazil: Carbon gain in *Coffea arabica* during clear and cloudy days in the wet season (Ronquim, Prado, Novaes, Fahl and Ronquim), 147

Camellia sinensis see Tea

Carbon gain in *Coffea arabica* during clear and cloudy days in the wet season (Ronquim, Prado, Novaes, Fahl and Ronquim), 147

Cassava: Tissue culture for farmers: participatory adaptation of low-input propagation in Colombia (Escobar, Hernández, Larrahondo, Ospina, Restrepo, Muñoz, Tohme and Roca), 103

CGIAR partnerships: International public goods through integrated natural resources management research (Harwood, Place, Kassam and Gregersen), 375

CGIAR: Receptivity to its social research (Kassam), 217

Climate Change and Global Food Security, by Lal, R., Uphoff, N. Stewart, B. A. and Hansen, D. O. (Eds), reviewed by J. R. Hillman, 508

Cocoa: Yield efficiency in progeny trials (Pang), 289

Cocoyam: Comparison of field performance between dasheen mosaic virus-free and virus-infected *in vitro* plants in Nicaragua (Reyes, Rönnberg-Wästljung and Nyman), 301

Coffea arabica: Carbon gain during clear and cloudy days in the wet season (Ronquim, Prado, Novaes, Fahl and Ronquim), 147

Coffee: Carbon gain in *Coffea arabica* during clear and cloudy days in the wet season (Ronquim, Prado, Novaes, Fahl and Ronquim), 147

Cold Hardiness in Plants – Molecular Genetics, Cell Biology and Physiology, by Chen, T. H. H., Uemura, M. and Fujikawa, S. (Eds), reviewed by Rodger Pearce, 511

Colombia: Tissue culture for farmers: participatory adaptation of low-input cassava propagation (Escobar, Hernández, Larrahondo, Ospina, Restrepo, Muñoz, Tohme and Roca), 103

Comparison of field performance between dasheen mosaic virus-free and virus-infected *in vitro* plants of cocoyam (*Xanthosoma* spp.) in Nicaragua (Reyes, Rönnberg-Wästljung and Nyman), 301

Compositional traits of soybean seeds as influenced by planting date in India (Kumar, Rani, Pandey, Mande and Chauhan), 19

Contribution of Farm Power to Smallholder Livelihoods in Sub-Saharan Africa, by Bishop-Sambrook, C., reviewed by Dick Bowers, 509

Cotton: Response to subsurface drip and furrow irrigation in a vertisol (Bhattarai, McHugh, Lotz, G. and Midmore), 29
Cowpea: Mineral nutrient uptake and removal by cowpea, soybean and maize cultivars in West Africa and implications for carbon cycle effects on soil acidification (Randall, Abaidoo, Hocking, and Sanginga), 475
Crocus cartwrightianus see Saffron
Crocus sativus see Saffron
Crop Ferality and Volunteerism, by Gressel, J. (Ed), reviewed by Geoff Squire, 513
Crop productivity and land-use efficiency of a teff/faba bean mixed cropping system in tropical highland environment (Agegnehu, Ghizaw and Sinebo), 495
Crops and Environmental Change. An Introduction to Effects of Global Warming, Increasing Atmospheric CO_2 and O_3 Concentrations, and Soil Salinization on Crop Plant Physiology, by Pritchard, S. G. and Amthor, J. S., reviewed by Sayed Azam-Ali, 369
Currants, Gooseberries, and Jostaberries. A Guide for Growers, Marketers, and Researchers in North America, by Barney, D. L. and Hummer, K. E., reviewed by N. L. Innes, 509

Dasheen mosaic virus: Comparison of field performance between virus-free and virus-infected *in vitro* plants of cocoyam (*Xanthosoma* spp.) in Nicaragua (Reyes, Rönnberg-Wästljung and Nyman), 301
Distinguishing the effects of genotype and seed physiological age on low temperature tolerance of rice (*Oryza sativa* L.) (Ali, Naylor and Matthews), 337
DNA Fingerprinting in Plants: Principles, Methods and Applications, 2nd Edition, by Weising, K., Nybom, H., Wolff, K. and Kahl, G., reviewed by Mark Winfield, 121
Drought and Water Crises, Science, Technology and Management Issues, by Donald A. Wilhite (Ed), reviewed by Eric Craswell, 124
Drought in Bulgaria: A Contemporary Analog for Climate Change, by Knight, C. G. Reav, I. and Staneva, M. P. (Eds), reviewed by Ian Littlewood, 508

Early identification of salt tolerant genotypes of rice (*Oryza sativa* L.) using controlled deterioration (Alam, Stuchbury, and Naylor), 65
Ecological Implications of Minilivestock: Potential of Insects, Rodents, Frogs and Snails, by Paoletti, M. G., reviewed by E. R. Orskov, OBE, 256
Ecology of Seeds, The by Fenner, M. and Thompson, K., reviewed by Alistair J. Murdoch, 512
Effects of aluminium on the adventitious root system, aerial biomass and grain yield of maize grown in the field and in a rhizotron (Comin, Barloy, Hallaire, Zanette and Miller), 351
Effects of incident radiation and nitrogen availability on the quality parameters of triticale grains in Argentina (Aguirre, Rubiolo, Ribotta, Luján, Pérez and León), 311
Encyclopedia of Soil Science, 2nd edition, Two Volumes., by Lal, R. (Ed), reviewed by Chris Mullins, 505
Eragrostis tef see Teff
Erosion-affected soil: Pearl millet growth in the Sahel (Michels and Bielders), 1
Ethiopia: Crop productivity and land-use efficiency of a teff/faba bean mixed cropping system in tropical highland environment (Agegnehu, Ghizaw and Sinebo), 495
Ethiopia: Participatory variety selection in the cereal tef (*Eragrostis tef*) (Belay, Tefera, Tadesse, Metaferia, Jarra and Tadesse), 91
Evaluation of simple hand-held mechanical systems for harvesting tea (*Camellia sinensis*) (Burgess, Carr, Mizambwa, Nixon, Lugusi and Kimambo), 165
Exploring farmers' innovativeness: experiences with the adaptation of water-saving technologies for small-scale vegetable production around Marsabit mountain in northern Kenya (Ngutu and Recke) 459

Faba bean/teff: Crop productivity and land-use efficiency of a mixed cropping system in tropical highland environment (Agegnehu, Ghizaw and Sinebo), 495
Fallow biomass: Residual effectiveness on crop yields and financial returns in western Kenya (Ndung'u, Okalebo, Othieno, Kifuko, Kipkoech and Kimenye), 323
Forage Legumes for Temperate Grasslands, by Frame, J., reviewed by J. M. Suttie, 253
Frost protection: fundamentals, practice, and economics. Volume 1, by Snyder, R. L. and de Melo-Abreu, J. P., reviewed by Hamlyn G. Jones, 369
Frost protection: fundamentals, practice, and economics. Volume 2, by Snyder, R. L., Melo-Abreu, J. P. and Matulich, S., reviewed by Hamlyn G. Jones, 369

Genetic Diversity of Cacao and its Utilization, The by Bartley, B. G. D., reviewed by Rob Lockwood, 122
Genetic Engineering and Biotechnology, Concepts, Methods and Agronomic Applications, by Tourte, Y., reviewed by Steve Millam, 372
Genetic Improvement of Solanaceous Crops. Volume I: Potato, by Razdan, M. K. and Mattoo, A. K. (Eds), reviewed by Finlay Dale, 368
Genetic Resources, Chromosome Engineering and Crop Improvement: Volume 1. Grain Legumes, by Singh, R. J. and Jauhar, P. P. (Eds), reviewed by B. J. Furman, 513
Genetic Resources, Chromosome Engineering, and Crop Improvement. Volume 2: Cereals, by Singh, R. J. and Jauhar, P. P. (Eds), reviewed by Brian Forster, 253

Genetics and Breeding of Sugar Beet, by Biancardi, E., Campbell, L. G., de Biaggi, M. and Skarakis, G. N., reviewed by Christian Jung, 254
Genotype by location interactions: Measures of repeatability of using data from barley trials in northern Syria (Singh, Grando and Ceccarelli) 189
Ginger. The Genus Zingiber, by Ravindran, P. N. and Babu, K. N. (Eds), reviewed by Steve Caiger, 254
Gliricidia prunings: Influence of time of application on their performance as a source of N for maize (Makumba, Janssen, Oenema and Akinnifesi), 51
Gliricidia/maize intercropping: use in sustainable maize production in southern Malawi (Akinnifesi, Makumba and Kwesiga), 441
Global Agricultural Trade and Developing Countries, by Aksoy, M. A. and Beghin, J. C. (Eds), reviewed by Adrian Hewitt, 251
Global Status of Commercialized Biotech/GM Crops: 2005. ISAAA Briefs No. 34, by James, C., reviewed by N. L. Innes, 372
Glycine max see Soybean
Good Growing. Why Organic Farming Works, by Duram, L. A., reviewed by Lorna Holland, 126
Good Statistical Practice for Natural Resources Research, by Stern, R., Coe, R., Allan, E. and Dale, I (Eds), reviewed by Amir Kassam, 256
Gossypium hirsutum see Cotton
Grasslands of the World, by Suttie, M. Reynolds, S. G. and Batello, C. (Eds), reviewed by John Morrison, 254
Grasslands: Developments, Opportunities, Perspectives, by Reynolds, S. G. and Frame, J. (Eds), reviewed by J. Morrison, 367

Handbook of Industrial Crops, by Chopra, V. L. and Peter, K. V. (Eds), reviewed by John R. Hillman, 372
Handbook of Photosynthesis. 2nd Edition, by Pessarakli, M. (Ed), reviewed by Geoff Squire, 255
Hand-held mechanical systems for harvesting tea (*Camellia sinensis*), evaluation of (Burgess, Carr, Mizambwa, Nixon, Lugusi and Kimambo), 165
Heavy Metal Contamination of Soil, Problems and Remedies, by Ahmad, I., Hayat, S. and Pichtel, J. (Eds) reviewed by G. M. Gadd, 505
Hordeum vulgare see Barley
Horsegram: Participatory evaluation of varieties and their on-station responses to on-farm seed priming in eastern India (Virk, Chakraborty, Ghosh, and Harris), 411

India: Compositional traits of soybean seeds as influenced by planting date (Kumar, Rani, Pandey, Mande and Chauhan), 19
India: Participatory evaluation of horsegram (*Macrotyloma uniflorum*) varieties and their on-station responses to on-farm seed priming (Virk, Chakraborty, Ghosh and Harris), 411
Indonesia: Arbuscular mycorrhizal fungi dynamics in contrasting cropping systems on vertisol and regosol soils (Wangiyana, Cornish and Morris), 427
Influence of time of application on the performance of gliricidia prunings as a source of N for maize (Makumba, Janssen, Oenema and Akinnifesi), 51
Integrated natural resources management research: International public goods in CGIAR partnerships (Harwood, Place, Kassam and Gregersen), 375
Interactions, genotype by location: Measures of repeatability using data from barley trials in northern Syria (Singh, Grando and Ceccarelli), 189
International public goods through integrated natural resources management research in CGIAR partnerships (Harwood, Place, Kassam and Gregersen), 375
Irrigation and Drainage Performance Assessment: Practical Guidelines, by Bos, M. G., Burton, M. A. and Molden, D. J., reviewed by Brennan D. Soane, 125
Irrigation, subsurface drip and furrow: Response of cotton in a vertisol, (Bhattarai, McHugh, Lotz and Midmore), 29

Kale: Exploring farmers' innovativeness: experiences with the adaptation of water-saving technologies for small-scale vegetable production around Marsabit mountain in northern Kenya (Ngutu, and Recke), 459
Kenya, western: Residual effectiveness of Minjingu phosphate rock and fallow biomass on crop yields and financial returns (Ndung'u, Okalebo, Othieno, Kifuko, Kipkoech, and Kimenye), 323
Kenya: Exploring farmers' innovativeness: experiences with the adaptation of water-saving technologies for small-scale vegetable production around Marsabit mountain (Ngutu, and Recke), 459

Land configuration: Soil water conservation, growth, yield and water use efficiency of sorghum as affected by land configuration and wood-shavings mulch in semi-arid northeast Nigeria (Chiroma, Folorunso and Alhassan), 199
Land Use Changes in Tropical Watersheds: Evidence, Causes and Remedies, by Coxhead, I. and Shively, G. E. (Eds), reviewed by Paul Kiepe, 507
Lebanon: Yield and quality of red stigmas from different saffron strains at contrasting Mediterranean sites (Yau, Nimah and Toufeili), 399
Litchi and Longan. Botany, Production and Uses, by Menzel, C. M. and Waite, G.K. (Eds), reviewed by C. T. Atkinson, 122

Macrotyloma uniflorum see Horsegram
Maize: Effects of aluminium on the adventitious root system, aerial biomass and grain yield when

grown in the field and in a rhizotron (Comin, Barloy, Hallaire, Zanette and Miller), 351
Maize: Influence of time of application on the performance of gliricidia prunings as a source of N (Makumba, Janssen, Oenema and Akinnifesi), 51
Maize: Mineral nutrient uptake and removal by cowpea, soybean and maize cultivars in West Africa and implications for carbon cycle effects on soil acidification (Randall, Abaidoo, Hocking, and Sanginga), 475
Maize: Sustainable production using gliricidia/maize intercropping in southern Malawi (Akinnifesi, Makumba and Kwesiga), 441
Malawi: Influence of time of application on the performance of gliricidia prunings as a source of N for maize (Makumba, Janssen, Oenema and Akinnifesi), 51
Malawi: Sustainable maize production using gliricidia/maize intercropping (Akinnifesi, Makumba and Kwesiga) 441
Malaysia: Yield efficiency in progeny trials with cocoa (Pang), 289
Managing an agricultural research programme for poverty alleviation in developing countries: an institute without walls (Stirling, Harris and Witcombe), 127
Manihot esculenta see Cassava
Measures of repeatability of genotype by location interactions using data from barley trials in northern Syria (Singh, Grando and Ceccarelli), 189
Microbiological Methods for Assessing Soil Quality, by Bloem, J. Hopkins, D. W. and Benedetti, A. (Eds), reviewed by Iain Young, 506
Mineral nutrient uptake and removal by cowpea, soybean and maize cultivars in West Africa and implications for carbon cycle effects on soil acidification (Randall, Abaidoo, Hocking, and Sanginga), 475
Minjingu phosphate rock: Residual effectiveness on crop yields and financial returns in western Kenya (Ndung'u, Okalebo, Othieno, Kifuko, Kipkoech and Kimenye), 323
Mixed farming systems: Impacts of urbanization on their evolution in sub-Saharan Africa (Tiffen), 259
Monograph on the Genus Oryza, by Nanda, J. S. and Sharma, S. D. (Eds), reviewed by N. M. Nayar, 510
Mycorrhizal fungi, arbuscular: Dynamics in contrasting cropping systems on vertisol and regosol soils of Lombok, Indonesia (Wangiyana, Cornish and Morris), 427

Nicaragua: Comparison of field performance between dasheen mosaic virus-free and virus-infected *in vitro* plants of cocoyam (*Xanthosoma* spp.) (Reyes, Rönnberg-Wästljung and Nyman), 301
Nigeria: Soil water conservation, growth, yield and water use efficiency of sorghum as affected by land configuration and wood-shavings mulch in the semi-arid northeast (Chiroma, Folorunso and Alhassan), 199
Nitrate, Agriculture and the Environment, by Addiscott, T. M., reviewed by David Hopkins, 255
Nitrates in Groundwater, by Razowska-Jaworek, L. and Sadurski, A. (Eds), reviewed by John Chilton, 507
Nitrogen: Influence of time of application on the performance of gliricidia prunings as a source for maize (Makumba, Janssen, Oenema and Akinnifesi), 51

Organic Phosphorus in the Environment. by Turner, B. L. Frossard, E. and Baldwin, D. S. (Eds), reviewed by P. J. Gregory, 125
Oryza sativa see Rice

Panoramic table: a contribution to strategic and prospective analysis of a plant breeding situation, The (Lançon and Mucchielli), 229
Participatory adaptation: low-input cassava propagation by tissue culture for farmers in Colombia (Escobar, Hernández, Larrahondo, Ospina, Restrepo, Muñoz, Tohme and Roca), 103
Participatory evaluation of horsegram (*Macrotyloma uniflorum*) varieties and their on-station responses to on-farm seed priming in eastern India (Virk, Chakraborty, Ghosh, and Harris), 411
Participatory plant breeding is better described as highly client-oriented plant breeding. II. Optional farmer collaboration in the segregating generations (Witcombe, Gyawali, Sunwar, Sthapit and Joshi), 79
Participatory variety selection in the Ethiopian cereal tef (*Eragrostis tef*) (Belay, Tefera, Tadesse, Metaferia, Jarra and Tadesse), 91
Pearl millet growth on an erosion-affected soil in the Sahel, (Michels and Bielders), 1
Pennisetum vulgare see Pearl millet
Physiology of Flowering Plants, The (4th Edition), by Opik, H. and Rolfe, S., reviewed by P. Q. Craufurd, 510
Physiology of Stressed Crops. Volume II. Nutrient Relations, by Gupta, U. S., reviewed by Sayed Azam-Ali, 511
Physiology of Stressed Crops. Volume III. The Stress of Allelochemicals, by Gupta, U. S., reviewed by Alison Karley, 511
Plant breeding: The panoramic table – a contribution to strategic and prospective analysis (Lançon and Mucchielli), 229
Plant Diversity and Evolution. Genotypic and Phenotypic Variation in Higher Plants, by Henry, R.J. (Ed), reviewed by Trevor Walker, 121
Principles and Practice of Soil Science. The Soil as a Natural Resource. 4th Edition, by White, R. E., reviewed by Sam Baxter, 370

Principles of Soil and Plant Water Relations, by Kirkham, M. B., reviewed by Glyn Bengough, 123
Progeny trials: Yield efficiency with cocoa (Pang), 289

Receptivity to social research by the CGIAR (Kassam), 217
Researching the Culture in Agri-Culture: Social Research for International Development, by Cernea, M. M. and Kassam, A. H. (Eds), reviewed by George Rothschild, 513
Residual effectiveness of Minjingu phosphate rock and fallow biomass on crop yields and financial returns in western Kenya (Ndung'u, Okalebo, Othieno, Kifuko, Kipkoech and Kimenye), 323
Response of cotton to subsurface drip and furrow irrigation in a vertisol, The, (Bhattarai, McHugh, Lotz, G. and Midmore), 29
Rice is Life. International Year of Rice and its Implementation, FAO, reviewed by N. L. Innes, 367
Rice: Arbuscular mycorrhizal fungi dynamics in contrasting cropping systems on vertisol and regosol soils of Lombok, Indonesia (Wangiyana, Cornish and Morris), 427
Rice: Distinguishing the effects of genotype and seed physiological age on low temperature tolerance (Ali, Naylor and Matthews), 337
Rice: Early identification of salt tolerant genotypes using controlled deterioration (Alam, Stuchbury, and Naylor), 65

Saffron: Yield and quality of red stigmas from different strains at contrasting Mediterranean sites (Yau, Nimah and Toufeili), 399
Sahel: Pearl millet growth on an erosion-affected soil, (Michels and Bielders), 1
Salt tolerance: Early identification of rice (*Oryza sativa* l.) genotypes using controlled deterioration (Alam, Stuchbury, and Naylor), 65
Seed physiological age: Distinguishing its effects from genotype on low temperature tolerance of rice (*Oryza sativa* l.) (Ali, Naylor and Matthews), 337
Seed priming, on-farm: Participatory evaluation of horsegram (*Macrotyloma uniflorum*) varieties and their on-station responses in eastern India (Virk, Chakraborty, Ghosh, and Harris), 411
Seeds Handbook. Biology, Production, Processing and Storage. 2nd Edition, revised and expanded, by Desai, B. B., reviewed by R. Don and G. Saddler, 512
Silvopastoralism and Sustainable Land Management. (Proceedings of an International Conference on Silvopastoralism and Sustainable Management held in Lugo, Spain in April 2004), by M. R. Losada, M. R.. McAdam, J and Riguerio-Rodriguez, A. (Eds), reviewed by J. M. Suttie, 507
Soil Abiotic and Biotic Interactions and the Impact on the Ecosystem and Human Welfare, by Huang, P. M. Violante, A. Bollag, J.-M. and Vityakon, P. (Eds), reviewed by Paul Hallett, 506
Soil Erosion and Carbon Dynamics (Advances in Soil Science), by Roose, E. J.. Lal, R., Feller, C., Barthes, B. and Stewart, D. A. (Eds), reviewed by Stephen Nortcliff, 506
Soil Sampling, Preparation, and Analysis. 2nd Edition, by Tan, K. H., reviewed by Charlie Scrimgeour, 124
Soil water conservation, growth, yield and water use efficiency of sorghum as affected by land configuration and wood-shavings mulch in semi-arid northeast Nigeria (Chiroma, Folorunso and Alhassan), 199
Soils and Environmental Quality. 3rd Edition, by Pierynski, G. M. Sims, J. T. and Vance, G. F. (Eds), reviewed by Charlie Shand, 123
Sorghum bicolor see Sorghum
Sorghum: Soil water conservation, growth, yield and water use efficiency as affected by land configuration and wood-shavings mulch in semi-arid northeast Nigeria (Chiroma, Folorunso and Alhassan), 199
Soybean seeds: Compositional traits as influenced by planting date in India, (Kumar, Rani, Pandey, Mande and Chauhan), 19
Soybean: Mineral nutrient uptake and removal by cowpea, soybean and maize cultivars in West Africa and implications for carbon cycle effects on soil acidification (Randall, Abaidoo, Hocking, and Sanginga), 475
Sustainable maize production using gliricidia/maize intercropping in southern Malawi (Akinnifesi, Makumba and Kwesiga), 441
Syria: Measures of repeatability of genotype by location interactions using data from barley trials (Singh, Grando and Ceccarelli), 189

Tanzania: Evaluation of simple hand-held mechanical systems for harvesting tea (*Camellia sinensis*) (Burgess, Carr, Mizambwa, Nixon, Lugusi and Kimambo), 165
Tea: Evaluation of simple hand-held mechanical systems for harvesting (Burgess, Carr, Mizambwa, Nixon, Lugusi and Kimambo), 165
Teff/faba bean: Crop productivity and land-use efficiency of a mixed cropping system in tropical highland environment (Agegnehu, Ghizaw and Sinebo), 495
Teff: Participatory variety selection in the Ethiopian cereal (*Eragrostis tef*) (Belay, Tefera, Tadesse, Metaferia, Jarra and Tadesse), 91
Temperature tolerance: Distinguishing the effects of genotype and seed physiological age in rice (*Oryza sativa* l.) (Ali, Naylor and Matthews), 337
Tissue culture for farmers: participatory adaptation of low-input cassava propagation in Colombia (Escobar, Hernández, Larrahondo, Ospina, Restrepo, Muñoz, Tohme and Roca), 103
Triticale: Effects of incident radiation and nitrogen availability on grain quality parameters in

Argentina (Aguirre, Rubiolo, Ribotta, Luján, Pérez and León), 311

Urbanization: impacts on the evolution of 'mixed farming' systems in sub-Saharan Africa (Tiffen), 259

Valuing Crop Biodiversity: On-Farm Genetic Resources and Economic Change, by Smale, M. (Ed), reviewed by Dave Harris, 509

Vegetable production: Exploring farmers' innovativeness: experiences with the adaptation of water-saving technologies around Marsabit mountain in northern Kenya (Ngutu and Recke), 459

Vicia faba see Faba bean

Vigna unguiculata see Cowpea

Water Flow in Soils. 2nd Edition, by Miyazaki, T., reviewed by Mark Robinson, 371

Water-saving technologies: Exploring farmers' innovativeness: experiences with their adaptation of for small-scale vegetable production around Marsabit mountain in northern Kenya (Ngutu and Recke), 459

Watershed Models, by Singh, V. P. and Frevert, D. K. (Eds), reviewed by R. J. Moore, 370

West Africa: Mineral nutrient uptake and removal by cowpea, soybean and maize cultivars and implications for carbon cycle effects on soil acidification (Randall, Abaidoo, Hocking, and Sanginga), 475

Wild and Sown Grasses. Profiles of a Temperate Species Selection: Ecology Biodiversity and Use, by Peeters, A., reviewed by Jerry Tallowin, 122

Women in Agriculture in the Middle East, by Motzafi-Haller, P. (Ed), reviewed by Carol Duffus, 252

Wood-shavings mulch: Soil water conservation, growth, yield and water use efficiency of sorghum as affected by land configuration and wood-shavings mulch in semi-arid northeast Nigeria (Chiroma, Folorunso and Alhassan), 199

Yield and quality of red stigmas from different saffron strains at contrasting Mediterranean sites (Yau, Nimah and Toufeili), 399

Yield efficiency in progeny trials with cocoa (Pang), 289

Yields of Farmed Species. Constraints and Opportunities in the 21st century, by Sylvester-Bradley, R. and Wiseman, J., reviewed by Carol M. Duffus, 368

Zea mays see Maize
